

Castletown Local Authority Election
Thursday 22nd July 2021

Susan Rossouw

My Motivation

You might have seen me out walking. Our wonderful part of the world is particularly distinctive in the early morning and late evening. Walkers notice many things, notice change.

I have chosen to run for Castletown Commissioners, so the electorate has the choice to elect a Green Party voice in the way Castletown is run for a kind, healthy and more sustainable environment for all.

My Background

I work within the Department of Education, Sport and Culture managing the multi-cultural English as an Additional Language (EAL) Team. I know all our schools and share responsibility for young people whose first language isn't English. Their adults provide much-needed skills within our workforce. My team have a vital job because parents want to live where their young are happy and thriving.

I graduated from Cardiff University and from Sandhurst as a TA officer. On my motorbike I have ridden through many countries, camping along the way.

I am a member of the Manx Wildlife Trust, volunteer for Rushen Heritage Trust and try to play at Castletown Tennis Club.

Creatively, during the summer, I host the Rainbow Storytelling Tent at events such as MannKind Festival, Manx LitFest, Tynwald Day Global Village, OIOW and Port Erin Beach Festival.

If Elected

I will be a respectful, approachable and open representative of the people of Castletown.

I would collaborate with other Green, local politicians to apply joined-up thinking on waste, transport, green spaces and community well-being.
